## **LOT A - FLYING L MARQUIS Selling Half Interest & Full Possession\***

Adj Wean Wt 689 lbs Adj Year Wt 1332 lbs Frame 6  
 Weaning EPD + 33.2 lbs Milk + Growth EPD + 25.4 lbs  
 Yearling EPD + 46.9 lbs

Flying L Marquis was high individual in our record smashing Solitaire group at OSU. Finishing with a 4.34 lb. ADG and a 3.68 lb. WDA. Only four other Herefords (including two Orion sons) had ever recorded a yearling weight that high. This two year old is long, correct and well balanced (in conformation and performance). His Bold Lad dam ranks two standard deviations above the breed on her EPDs across the board — weaning and yearling weights, height and milk!

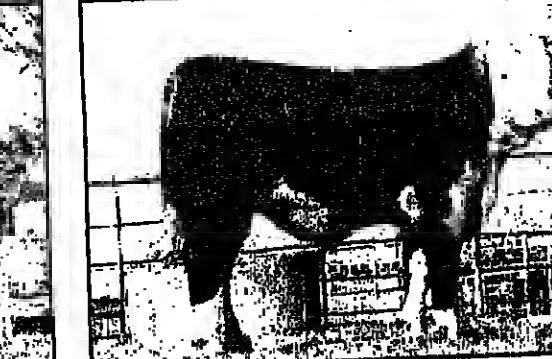

\* We are selling full possession and half interest in all semen sales in Lots A, 1 & 2. We retain the right to use each bull one time in natural service after February 1, 1988, for a six month interval of our selection.

## **TWO MORE TOP SONS OF FL ORION SELLING!**

Adj Wean Wt 652 lbs Adj Yr Wt 1221 lbs FS 6.5  
 Weaning EPD + 38.2 lbs Milk + Growth EPD + 20.8 lbs

Few bulls can match this three-quarter brother to Jupiter. His maternal granddam is Solitaire's mother. In addition, his dam boasts a 349 day calving interval and ranks in the top 2% of the nation's cows for yearling weight and height and EPDs.

Adj Wean Wt 704 lbs Est Yr Wt 1205 lbs FS 6.5  
 Weaning EPD + 35.3 lbs Milk + Growth EPD + 26.1 lbs

Lots of progress comes from performance pedigrees stacked like this Orion son's. Leroy Born selected his dam's calf last year as our third top seller. His mother ranks first in birth weights, seventh in frame, and 17th in MBV. Here's milk, frame and performance.

## **MONEY IN YOUR POCKET!**

Did You Know:

\* Not one of our 107 cows had a negative EPD for weaning weight, yearling weight or height in our entire '86 Herd Evaluation Report!

\* The entire FL cow herd averages in the nation's top 2% of all EPDs for weaning weights and yearling weights

\* The entire FL cow herd out averages the average of the nation's herd bulls (by almost double) in every EPD category

\* Year after year, the average milk EPD of the FL cow herd continues to rank in the top 15% of all calving cows reported nationally

\* There is no embryo transplant program at Flying L — every calf is raised on its natural dam

\* The FL catalog always shows all the performance data on all the animals — why not?

\* Flying L bulls aren't average in performance, and they never have been

	Weaning EPD	Milk + Growth EPD
National Average	+8.4 lbs.	+8.0 lbs.
All TPR Hereford Bulls (with registered calves)	+27.9 lbs.	+20.2 lbs.
All 1987 FL Sale Bulls	+19.5 lbs.	+12.2 lbs.

The Flying L Advantage

\* Not one FL bull in this sale is as low in either EPD as the average of the Hereford bulls working in registered TPR Hereford herds!

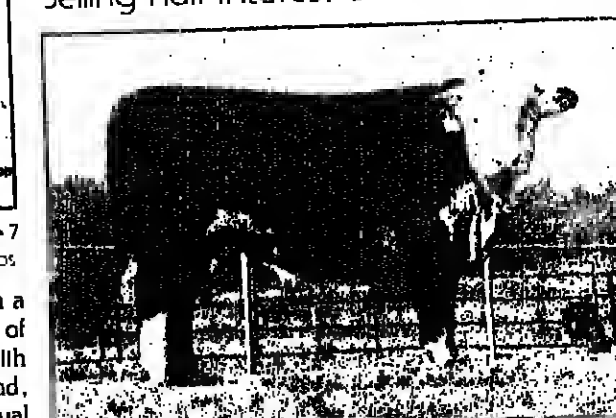

\* Our lowest FL bull on Weaning EPD is over twice the national average!

\* Our lowest FL bull on Milk + Growth EPD is 179% above the national average!

## **The 13th Annual Healey Bros Sale**

MONDAY, MARCH 2ND, 1987

## **Lot 2 - FL SANTA CLAUS Selling Half Interest & Full Possession\***

Adj Wean Wt 716 lbs Adj Year Wt 1226 lbs Frame 7  
 Weaning EPD + 32.2 lbs Milk + Growth EPD + 23.2 lbs

FL Santa Claus came Christmas Eve 1985. We knew this FL True Mark son was a future herd bull. He's a massive, beef type Hereford with good legs, good structure, and out of a top Peacemaker cow. She ranks seventh in our herd for frame and in the top 2% nationally on both weaning and yearling weight EPDs, and in the top 15% for milk.

As allusion to the Ranger's Pride Ranch, Fort McKavett, Texas, and Adams Bros. Co., Kilgore, N.H., collected the class-winning early spring yearling bull honors presented in the \$22,000 National Hereford Show at the National Western Stock Show in Denver. Dred by Adams Bros., ADC Encore 5107 represented his sire, GK Encore 009H, in the winner's circle weighing 2,102 pounds and having a 3.10 weight-per-day-of-age. The bull marked an 8.8 frame score and 40.5 centimeter scrotal circumference.

The fierce competition offered in the largest heifer class of the \$22,000 National Hereford Show was topped by EE Hereford Ranch, Winona, Minn., during the National Western Stock Show in Denver. This daughter of MKP GK Bloetoff 4ET was directed to the junior heifer class' helm having a 8.0 frame score. In addition, the winning Delta Dams 023 4ET was the reserve calf champion.

In a strong field of junior yearling heifers, LS Me Mark 16F 6ET, owned by Forrest and Omalas Reid, Altus, Ok., captured second-place during the \$22,000 National Hereford Show at the National Western Stock Show in Denver. This Star Mark 300C daughter measured 56.50 inches at her hip.

## Oil Well Discoveries Increase in January

Austin — Texas oil and gas operators reported 30 gas and 72 oil discoveries in January, according to Railroad Commission Mack Wallace. In December, a total of 42 gas and 86 oil discoveries were filed with the Commission. A discovery is an exploratory well that is completed in a previously unexplored reservoir.

Owned And Sold Cows

The breeding program of Rocking Chair Ranch, Fort McKavett, Texas, received the senior calf division's runner-up earload honors at the National Western Stock Show in Denver. This year-old-ten exhibited L.I. Domino 202 ET, "Reggie", 118 1.1901 Domino 970, JV Joe Domino 321, Star Mark 300C and Star Mark Domino ET progeny. The Rocking Chair cattle averaged 1,429 pounds and 491 days each end had a 2.91 weight-per-day-of-age. Their calving dates ranged from August 20 to October 23, 1985.

## Scott Downing Named The 1987 Herdsman of the Year

The marked ballots of Hereford herdsman at the National Western Stock Show in Denver, Co., named Scott Downing, Rocking Chair Ranch herdsman, Fort McKavett, Texas, the 1987 Herdsman of the Year. Downing was the 25th recipient to be annually honored by his colleagues.

This 26-year-old native Californian has had a strong influence in establishing Rocking Chair entries as likely contenders for the winning banners. In his four and one-half years in Fort McKavett, Downing has fitted four Rocking Chair calves in Denver, two being senior calf class winners; stood behind numerous "on the hill" winners and fit the American Royal's 1986 champion female owned by Jeff Brandenberger, Stanton, Texas. Prior to establishing himself at

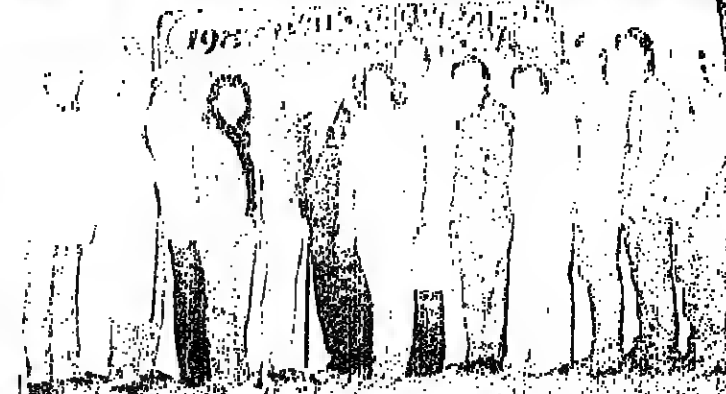

Rocking Chair cattle to be probable contenders for the winning honors.

Rocking Chair, Downing began working with Hereford cattle at Lone Star Herd Ranch, Henrietta, Texas, with Mark McClintock, Lone Star's former herdsman. Downing credits McClintock, a longtime friend from California and present Rocking Chair manager, for teaching him the finer points of preparing cattle for the winner's circle.

## Commodity Insight

Week Ending February 5

The cattle market and the Dow Jones are leading all other futures markets higher. As a matter of fact, the cattle and the Dow are literally moving in unison. I've seen this phenomenon before but it never ceases to amaze me. Actually, there have been many markets that have rallied since the first of the year. Wheat, soybean oil, osteo, lumber, all foreign currencies, silver, gold, platinum, crude oil, sugar, hogs and pork bellies have moved higher in price along with the cattle and the Dow. Traders that have been buying the breaks in those markets have fared quite well over the past four to six weeks.

I have mixed emotions regarding the cattle market. Since late summer, I have been forecasting cash and futures prices of \$55 to \$70. I felt quite confident that cattle prices would hit those levels. But I expected those levels to be achieved sometime after the first quarter of the new year. As things turned out, the cattle

market achieved my upside objectives in early February. This past week, some cash cattle markets traded as high as \$85 and futures, for February delivery, traded over \$84.50.

These price levels were achieved the day of the long awaited Cattle Inventory Report. The bulls claimed that this report would thrust cattle prices into the stratosphere. Traders were anticipating a very bullish report. They were disappointed.

The inventory report was and will be construed by traders as bearish. The early calls for cattle prices are lower with prices down anywhere from 60 cents to 100 cents. The cattle market should cool down a bit following this report.

The inventory report suggested that herd rebuilding is continuing and that herd liquidation is ending. That is the key to this cattle market. Therefore, the report is not really all that bearish, regardless of near term price direction or trader sentiment.

Over the near term, I wouldn't be surprised to see cattle prices set back anywhere from three to five dollars. Given the current market psychology, cattle prices could fall seven dollars.

The huge open interest in the futures market coupled with the heavy trading volume has set the stage for a variety of scenarios.

It's obvious that U.S. beef supplies will be reduced by 2% to 3% in 1987. And heifer and cow slaughter could decline 15% to 20% creating even tighter demand for ground and processed beef. That's the main bull argument for higher cattle prices.

On the other side of the coin however, rests the bearish argument. Due to lower feed costs pork production in 1987 should increase at least 8%. Poultry production should jump as much as 8% to 10%. It's very possible that by the end of 1987, those competing meats will decline in price by 18% to 20%.

How important a role do these competing meats play in the marketplace? In 1982 U.S. poultry consumption surpassed pork consumption. It is expected that poultry consumption will surpass beef consumption by 1990.

These changes in meat consumption patterns are due to several factors. First, the consumer believes in the link between beef and cholesterol. Secondly, consumers are very price conscious and

now prefer a variety of meats. Finally, lower prices of competing meats generally cause the cattle housewife to turn her back on the price of beef.

I am not a bear towards the cattle market. But until the first quarter of 1987 is past, or a significant bull price occurs, I will remain a cautious bull.

## AQHA Convention Set March 7-11

Quarter Horse enthusiasts will convene in Orlando, Florida, March 7-11 for the 1987 Annual American Quarter Horse Association Convention and 50th Annual Exposition. Activities for the convention include committee meetings, a Foundation Benefit Auction, award banquet, and an exposition where equine businesses and services will have exhibits.

Registration for the Convention begins at 10 a.m. on Saturday, March 7 at the Hyatt Regency Grand Cypress and continues through Tuesday, March 10. Five of AQHA's standing committees will begin meeting Sunday, with the remaining committees slated to hold their first meetings Monday. All committee meetings held Sunday and Monday will be open sessions, with the 11 standing committees holding closed Executive sessions on Tuesday.

Monday's agenda includes a general membership meeting in the morning featuring an ongoing AQHA Presentation. Howard Waise will make his keynote address. Evening activities on Monday will include a cocktail reception followed by the AQHA Foundation Benefit Auction beginning at 6:00 p.m. A number of quality items, including a Jeep Wrangler, a silver commemorative coin, vacation packages and art objects will be sold to the highest bidder. Proceeds from the auction benefit the American Quarter Horse Foundation, an IRS-recognized charitable organization which is committed to the American Quarter Horse Scholarship Program and the Heritage Center Building Fund.

In addition to the standing committee closed Executive sessions, Tuesday's agenda will include a film presentation featuring AQHA's most recent film releases. Capping the evening will be the awards banquet where trophies will be presented to the owners of the 1986 high-point horses in open, youth and amateur divisions and Quarter Horse Champions. Four Jaap Grand Waggoners also will be awarded to the owners of the AQHA All-Around Junior, Senior and Amateur horses and the World Champion Quarter Horse. A dance will follow the awards presentation.

Convention activities conclude Wednesday, March 11, with the final general membership meeting slated to begin at 9 a.m., followed by a luncheon meeting of the Board of Directors. Advance reservations, which include admission to all Convention functions, can be made by contacting AQHA's Special Events Department at (800) 378-4811 or by mailing Convention registration forms found in The Quarter Horse Journal to AQHA, P.O. Box 200, Amarillo, Texas, 79188. Registration forms must be submitted by February 20. Reservations are \$75 per person.

beginning of the year, 1 percent below last year and the lowest January 1 inventory since 1980.

According to figures released by the Texas Agricultural Statistics Service, Texas still retained its number-one ranking in total number of cattle and calves with 13 percent of the U.S. inventory.

Total value of the state's cattle and calf inventory was \$4.58 billion, unchanged from 1986. Value per head averaged \$240, compared with \$236 last year.

State statistician Dennis Findley reported that inventory figures for beef cows that have calved increased 2 percent from the previous year to 5.28 million head. Milk cows that have calved were up 1 percent to 325,000.

Beef replacement heifers, at 880,000 head, were unchanged from last year, while milk cow replacements dropped 28 percent to 100,000 head.

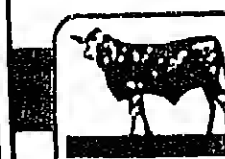

Steers 500 pounds and over totaled 2.50 million head, up 4 percent from January 1, 1986. The total inventory of steers, heifers and bulls under 500 pounds decreased 5 percent to 2.80 million.

Some 4.96 million calves were born

during 1986, up 4 percent from 1985. Winter pastures were good across the state, and weather conditions during the year were favorable for most calving operations, Findley explained.

The U.S. inventory of all cattle and calves totaled 102 million head on January 1, down 3 percent from last year and 7 percent from 1985. This continued the recent downward trend in cattle inventories started four years ago and was the lowest number since 1982.

Beef replacement heifers, at 6.15 million, were virtually unchanged from a year ago, while milk replacement heifers dropped 8 percent in 4.33 million head. Beef cows that have calved totaled 33.9 million head, up 1 percent and reversing the downward trend started four years ago. Milk cows that have calved decreased 0 percent to 10.5 million. The 1986 calf crop was estimated at 41.2 million head, up slightly from 1985, but down 3 percent from 1984.

# Feedlot Trading Stalled, Sales Few, Lower

(CONT. FROM PAGE 1A)

Western Kansas feedlot trade very slow. Hardly enough slaughter steer sales confirmed for a market test, few sales fully 1.00 lower; no slaughter heifer sales confirmed. Inquiry moderate, demand light. Sales confirmed on 900 slaughter steers and no slaughter heifers Monday. For the week to date 2,300 head confirmed. Steers: Mostly choice 2-3 1125-1175 lbs. 63.50; low mixed good and choice 1085 lbs. 62.75.

Omaha, Feb. 10 (HSDA) — Nebraska feedlot sales less than 20% of state. Confirmed 4,000, week to date 4,000. Demand poor. Steers fully 1.00 lower. Heifers not tested. Steers: Small volume mostly choice 2-4 1100-1250 lbs. 61.00-62.00. Majority sold on a delivered basis in eastern counties. Dressing basis 75 percent. Dressing price 1.00-2.00 lower. Substantial seller

resistance noted. Weight only steers: Mostly choice 600-900 lbs. 98.00-100.00 mostly 69.00. Weight only heifers: Mostly choice 600-800 lbs. bulked 96.00, entire price range 95.00-97.00.

Graceley, Feb. 9 — Colorado feedlot trading slow, no sales confirmed on slaughter steers or heifers on a live basis. Slaughter steers on a carcass basis 1.00 lower, heifers 1.00-2.00 lower, demand rather light with some packers out of the market. Sales confirmed on 1,000 slaughter steers; 200 slaughter heifers. Week to date 2,200. Steers — carcass basis — choice 2-3 1175 lbs. 100.00 delivered in-state. Heifers — carcass basis — choice 2-3 1000-1025 lbs. 96.00 to largely 98.00 delivered in-state.

Des Moines, Feb. 10 — Iowa Southern Minnesota direct trade near standstill. Slaughter steers and heifers unestablished, lower undertone evident. Demand and seller interest light. Most feedlots taking a wait and see attitude. Steers: Mostly choice 2-4 1050-1200 lbs. no significant sales

reported. Heifers: Mostly choice 2-4 950-1100 lbs. no significant sales reported. Carcass basis: Steers and heifers unestablished. Weight only: Steers, mostly choice 2-4 800-900 lbs. few 97.00-98.00. Weight only: Heifers, mostly choice 2-4 550-800 lbs. few 95.00-96.00.

## North Texas Cattlemen To Gather

Calf fries, cowboys, brisket, commercial exhibits, speakers and door prizes will all abound at the North Texas Cattlemen's Roundup, February 24 at the Texas National Guard Armory in Bowie, Texas beginning at 4:00 p.m. An event for cow-calf, stocker and feedlot operators, the Roundup is an event for cattlemen to learn more about their business.

The "Grazing" Hour, sponsored by the Bowie State Bank, Farmers and Merchants National Bank-Nocena, First National Bank, Bowie, First National Bank-Nocena, First National Bank-Saint Jo, Bowie Livestock Commission Co., Olney Savings, Production Credit Assn., Associated Milk Producers, Inc., Bowie Young Farmers, Cow Belles and Montague County Farm Bureau will feature brisket, chili, beef sausage, calf fries, cheese and ice cream.

Twenty exhibitors will feature products for producers to see and learn more about. The program will feature Tom Maynard, Texas Tech, Linda Jance, Beef Industry Council and Laurence Lassar, President Lee Cattle Co., Inc. The program and all the features are free and open to all interested cattlemen.

**AT ALTA VERDE INDUSTRIES**  
**WE UNDERSTAND TEXAS CATTLE**

We all know that if you're going to raise cattle in most parts of Texas you have to use a breed that can take the heat and walk quite a distance to water. But suddenly, we're hearing some people in the packing industry say that cattle able to do this don't fit their programs.

At Alta Verde, we take another viewpoint. To us, an animal is not unfit just because he has some ear, or hump, or Mexican influence, and we don't intend to dock anyone just because he raises cattle that can survive in hard country.

We have the facilities and know-how to help you take your cattle through the feedlot all the way to the packing plant, and since we carry out each phase of the operation ourselves, we can make you a good deal on the entire package.

So if someone starts telling you that your cattle are below par, call and let us give you a second opinion. After all, people do make mistakes.

## February 12, 1987 WEEKLY LIVESTOCK REPORTER Page 3B

**Salers Pen Bull Show Competitive At National Western**

Crimp winter weather drove the crowd inside for the 1987 National Salers pen bull show at this year's National Western Stock Show. With standing room only in the Livestock Auction Arena, judge Rod Ogren, Marcus, Iowa, commented on the tremendous quality and functionality of the about Salers pens on exhibit.

"Rugged, correct, and full of red meat," Ogren said of the pen of senior bull calves he chose as the champion pen of Salers bulls. Frank Whitham, Leoti, Kan., and Ed Winters, Red Lodge, Mont., showed the September 1986 sons of Prince.

A September 1986 pen of Salers bulls sired by Uncle and shown by Scattered Oaks Ranch, Bleiberville, Tex., took reserve grand champion honor in the Salers pen bull show held during the 1987 National Western Stock Show and the 1987 National Sales Show.

**National Salers Sale**  
 Avgs. \$7,858  
 On 37 1/2 Lots

After a sale show that saw judge Jerry Fitzgerald, Harrison, Nebr., command Salers breeders for consigning each powerful breed leaders to a national sale and an open show that found the National Western stadium stands filled, the stage was set for a tremendous National Salers Sale.

Selling to a standing-room-only crowd, 37 1/2 Salers lots walked through the auction ring to average \$7,858 — a \$4,721 increase over the 1986 sale average. Seventeen and one-quarter bulls averaged \$8,730, and the dietaff side averaged \$7,124. These averages represented increases of \$3,235 and \$3,987, respectively, over the 1986 National Salers Sale.

High-selling bull was SRM Chance, a etrapling January 1988 son of national champion Slammer, consigned by Bear-tooth Ranch, Columbus, Mont., and Shalton Ranch Co., Olathe, Kan. Chance, the open show junior bull calf champion, was purchased by United Livestock Brokers, Inc., Fort Collins, Colo., at \$25,000 for half interest.

ST C&H Nancy, a January 1986 daughter of Slammer, was snapped up by Cole Vista Ranch, Beetrop, Tex., at \$25,000 to lead the female lineup. This fancy and functional miss was consigned by Bear-tooth Ranch, Columbus, Mont., and C and H Ranches, Rocco, Mont.

The momentum and interest in the Salers breed continued to grow and was evidenced.

## Bralers Bulls Top Performance Test

(CONT. FROM PAGE 2B)

Bralers bulls have an average gain of 3.58 lbs. per day compared with an average daily gain of 3.22 for all other breeds on test. Brangus averaged 3.84 lbs. and Simbrah averaged 3.12 lbs. of gain per day. Most of the test bulls will be sold February 13 at the conclusion of the test.

The individual high gainer is the Bralers NKY Redar 508 with a gain of 4.38 lbs. per day. The Bralers bulls were bred by NKY Salers and are owned jointly by Woody's 1-40 Ranch and NKY Salers. The bulls are sired by the NKY bred bull Rader. The point of Bralers bulls also have the best conversion ratio with the least amount of feed per pound of gain.

## ABA Promotional Exhibit On Display In Houston And Reno

The ABA is continuing to make its mark on the industry aggressively promoting the Bralers breed at major events across the country.

Mike Morris, Windy Valley Farms, volunteered his time and efforts to be responsible for displaying the new ABA booth exhibit at the annual NCA Convention January 26-28 in Reno, Nevada.

ABA president Gary Gerhart was also on hand to spread the good word about Bralers visiting with interested cattlemen and guests from around the world participating in the NCA Convention, one of the most well-attended beef cattle events of the year.

Everyone is encouraged to stop and visit the ABA exhibit to be on display throughout the Houston Livestock Show & Rodeo February 21 through March 8. The booth is located in the

## Spring F-1 Female, All Breeds Bull Sale At Shreveport

Shreveport, LA — World Sales of Wharton, Texas announces they will conduct the Louisiana Spring F-1 Female and All Breeds Bull Sale at the Louisiana State Fair Grounds in Shreveport, Louisiana on March 31, 1987 at 5:00 p.m. This sale will be held immediately following the Five States Forage Conference being held on March 30th and 31st at the Louisiana State Fair Grounds. The sale is endorsed by the Louisiana Cattlemen's Association who will participate by offering a group of prestigious bulls in the sale. The sale is being sponsored by the North Louisiana Brehman Association and the auctioneer will be Colonel Ike Hamitoo of West Monroe, Louisiana.

The sale will include all purebred breeds of bulls and cross bred bulls. The bulls must be from 16 to 40 months of age on sale day and will be guaranteed breeders. The F-1 females for this sale will be the "real McCoy's" — true F-1's from 7 to 40 months of age on sale day. All F-1 females must be officially banded vaccinated and will be guaranteed breeders.

All cattle will be graded the day before the sale and only animals of superior quality will sell. All bulls in this sale will be weighed and a weight per day of age calculated, inspected by a team of cattlemen for structural soundness and graded by a group of commercial cattlemen. The selling and grading will be held on Monday, March 30th at the Louisiana State Fair Grounds. The F-1 females will be judged with a champion and reserve champion pen being selected.

Nominations for the Louisiana Spring F-1 and All Breeds Bull Sale are due by February 20, 1987. For further information or nomination forms, contact World Sales, John Joyce, at 1107 Cottondale Road, Wharton, Texas 77488 (AG 713/842-2085 or AG 409/657-2212).

## Linthicum To Judge Simmental, Simbrah Shows In Houston

Jimmy Linthicum, Welch, Oklahoma, a well known Limousin breeder will be judging the 1987 Simmental and Simbrah show, to Houston, Texas, February 28th.

Linthicum has tremendous experience in the show ring with the judging of many national shows to his credit. He judged two National Charolais Shows, the Junior Charolais National Heifer Show, the National Junior Polled Hereford Show and the International Brahman and Brangus shows. Among the other breeds Linthicum has judged are Oklahoma Shorthorn and Limousin. He has also showed several Limousin champions on a local, state and national level and the Linthicum family name is synonymous with showing champions and cattle breeding expertise.

Linthicum will be assisted in the ring by his daughter, Cheryl Linthicum Fulkerson, who has also judged shows in several major breeds.

Astrophall will include promotional literature, display cattle representing the top genetics in the breed and ABA members on hand to visit with interested cattlemen. The Houston

Livestock Show & Rodeo, one of the most exciting and popular livestock events of the year, is expected to attract a strong crowd this year as always.

### Limousin Activities Scheduled For Houston Show

Crowley, Texas — Excitement is being generated as the annual Limousin and Limousin activities to be held February 20-22, during the Houston Livestock Show & Rodeo in Houston, Texas draws near. Houston '87 — "Simply Sensational" is the theme for the upcoming activities and includes meetings, sales, special judging competition, longest and queen contest.

The Quality Royale Hotel, located at 8111 Kirby Drive has been designated as the Limousin headquarters.

The American Brahman Council annual membership meeting will kick-off the activities at 4:00 p.m., Friday, February 20. A reception sponsored by the ABC is scheduled for that evening.

Everyone is encouraged to attend the Texas Limousin Association annual membership meeting at 8:00 a.m., on Saturday, February 21, followed by the T.L.A. Board of Directors meeting.

Following at 2:30 p.m., will be the Brahman pro-sale party and National Brahman Solo set for 3:00 p.m., in the parking lot of the Astro Village Hotel.

One highlight of the Texas Limousin Association activities is the annual banquet and queen coronation, which is planned for Saturday evening. A group of young ladies will be competing for the title of 1987 Texas Limousin Queen. The winner will receive an array of gifts and cash awards from the association and many of its breeders.

The Astrohall Arena will be the site of the open Limousin show, with over 100 entries paraded before Judge Billy Bridges of Miami, Oklahoma. The Limousin show will begin at 9:00 a.m., Sunday, February 22. The show will be followed immediately by the "Parade of Champions" sale cattle which gives everyone a front seat view of the sale animals. A pro-sale party will take place at 2:00 p.m. in the Limousin alley and will be followed by the Houston '87 Sale, featuring a top quality group of 50 lots of Limousin cattle.

## Houston Brahman Show Dedicated To LaRue Douglas

Houston — The 1987 Houston Livestock Show and Rodeo's International Brahman Show will be dedicated to LaRue Douglas of Georgetown, Texas.

In making the announcement, American Brahman Breeders Association President Stan Williams said, "LaRue has been a permanent fixture in Brahman shows around the country. His numerous contributions to the breed have made him a legend in the breed more than just a name for this honor."

Douglas and his wife Peggy have owned and operated LaRue's Fitting Service for the past 16 years. LaRue has spent most of the past 60 years involved in showing cattle and has won close to 4,000 major championships.

Recognizing the need to train youngsters and owners in his chosen profession, LaRue started LaRue's school in 1972. The response became so great that two schools per year are held.

LaRue has met and made literally thousands of friends throughout the world. His competitive edge has made him the "Dean" of custom fitters. His support of the Brahman breed through showing, breeding and promoting has made him one of its most loyal friends.

Douglas will be presented a plaque during the International Brahman Show's female judging on Wednesday morning, February 26, 1987.

## U.S. Sugar Brahman Herd Dispersal Set April 3-4

The dispersal of U.S. Sugar Corporation's purebred Brahman herd on April 3-4 at the Florida State Fairgrounds, Tampa, will mark the end of an era in the history of the breed.

U.S. Sugar Corporation, Clewiston, is phasing out its purebred cattle operation in Florida, and reducing the size of its commercial cattle program. The history making purebred Brahman herd has been purchased privately by FCA president Arky Rogers, Lake City, and Bob Michalk of Big M Ranch and Cattle Company, Jacksonville, Texas. The herd will be sold intact at the two-day dispersal at Tampa.

"I expect it will be the most significant sale in the history of the breed," said Richard McRae, Mount Pleasant, Texas, who will manage the event.

U.S. Sugar Corporation's Sugarland Ranch Brahman herd has been a continuous trend setter for the breed. The herd produced the national grand champion and national reserve grand champion bulls at three consecutive national Brahman shows — the ninth, tenth, and eleventh. The wins came at back to back national shows in 1984, 1987, and 1989. The success of Sugarland Brahman in the showing during that period has never been equaled, McRae noted.

Over 800 head of Sugarland Brahman cattle will be sold at the dispersal. Some 105 head of bulls will be sold, including all of the Sugarland herd sires, herd sire prospects, and current show bulls.

The sale will also feature 650 lots of Sugarland females — cow/calf pairs, heavy springing heifers, bred heifers, and yearling heifers. McRae said nothing will be held back. "The cattle will not be picked over," he said.

Skinner Herdy of Bellflower, California, and Charles Rollins of Fort Worth, Texas, will serve as auctioneers. A formal viewing of the sale cattle

## Long-Moreau Sets Brahman Sale At Lottie, February 20

Lottie, La. — The Long-Moreau Red Brahman Sale will be held Friday, February 20, 1987. Sale time is 12:30 p.m. at Long's Ranch at Lottie, La.

The sale will feature an offering of 50 registered Red Brahman cows and 50 Bralers & Simbrn F-1's.

For information, contact Long's Ranch Red Brahman, Box 158, Lottie, La. 70756, Raymond H. Long, (504) 637-2301 or Fred Sanders, Jr., (504) 637-2690 or Johnny Stuby, (504) 637-2474; or Lloyd Moreau, P.O. Box 1013, Pineville, La. 71360, (318) 448-3500.

### USDA Predicts Lower U.S. Fed Cattle Slaughter In Jan.-Mar.

Washington, Feb. 9 (KRFI) — USDA said today it expected the U.S. fed cattle slaughter to be lower than expected during Jan.-Mar. because of fewer cattle fed than expected at the beginning of this year. However, it said in its monthly world agricultural supply and demand estimates report, it expected a boost in fed cattle slaughter during the second half of this year because of the relatively large supply of feeder cattle outside feedlots and continued low feed prices. USDA said the estimated supply of feeder cattle outside feedlots was a little larger than expected. As a result, fed cattle slaughter during July-Dec. should be above levels previously expected, it said. It also said beef production probably will be lower than previously anticipated this quarter and might be down about 2% in 1987 from 1986, with the decline in non-fed output. USDA increased its broiler export forecast this month because of unfilled

## Futures Talk

Week Ending Feb. 6

Most news that affects the futures markets is available to most everyone at about the same time. On the floor of the Exchanges are the machines of news services that provide news related to the futures markets. Most brokerage houses also subscribe to one or more of these private news services.

Government reports are made available to everyone at the same time. The government is very careful to try to protect the data that it collects for its reports so that no one gets advance information. Frequently, those who compile data are locked in a room the day of the report to avoid advance disclosure as the report is being assembled.

But in addition to the "hard fact" news, there is that brand of news known as "rumor." Rumor is very im-

portant news. It can have a greater effect, at times, on price movement than the actual facts. Rumor involves anticipation. The trader who knows the "fact" first has an edge over other traders.

Please remember...these are free markets where price evolves from open outcry. Price is relative, therefore, it is constantly changing. Price is determined not by the "supposed worth" of an item, but rather, price is determined by what a willing buyer agrees to pay and by what a willing seller agrees to sell. Rumor may or may not become fact. Rumor will cause price change.

That price change may or may not be in the direction of your interpretation of the fundamentals of supply and demand. The price change caused by rumor is frequently sudden and drastic. Sudden and drastic price change frequently begs for the trader to take action. It is not always possible for the trader to be aware of the rumor as it is becoming known.

Therefore, I strongly urge that two

actions be taken by the trader before taking a position in the market. First, layout a complete trading plan. This involves an entry point, a place to get out of the market if you are right, and a place to get out if you are wrong. And second, put "open" or "good until cancelled" exit orders in the market at the same time as the entry. With this approach, a trader does not have to be concerned with sudden rumors. If the market moves to their price, they will generally get out. If you are in phase with the flow of the price, the markets will pay you a handsome dividend.

The trend and flow of March feeder cattle remains up. The "flow" is a short term directional indicator. When a downtrending market tries to bottom out, the flow will turn neutral first, and then at a later time, the "trend" may be broken. Price can only do three things: move up, move down, or stay in a neutral position. Once in a neutral position, it will take more technical factors to move the flow into either the up or down mode. The

"trend" is a long-term directional indicator. In accordance with last week's article, the resistance at \$62.15 was knocked out on February 2 with a close at \$62.87. There is support around \$65.50 but that is also in the middle of the gap that was left by the last cattle-on-feed report. The gap is between \$60.05 and \$64.85, and it will probably be filled before the contract expires.

The trend and flow of June live cattle (feats) remains up. There is support around \$59.00 and resistance around \$64.50. The gap for this market is between \$59.70 and \$66.30.

The trend of June hogs remains up and the flow remains neutral. The flow will turn up if the market exceeds \$46.25. In accordance with last week's article, the resistance around \$48.00 is still in lock with the high on February 2 of \$48.25 on February 3 of \$48.12, and the high on February 4 of \$48.00. If the market closes above \$46.30, the next resistance should be found around \$48.90. A close below \$46.50 should turn the flow down, and support should be found around \$44.80.

The trend of July corn remains down, and the flow remains neutral. In accordance with last week's article, the support around \$1.64 continues to hold with the low on February 6 of \$1.64. A close below \$1.62 will change the flow to down. The resistance remains around \$1.69.

The trend of May wheat remains up. In accordance with last week's article, the flow has changed from neutral to up with the close on February 4 of \$2.74. The next resistance should be found between \$2.76 - \$2.81. A close above \$2.81 could lead to a test of the contract high of \$3.00. A close below \$2.86 would change the flow back to neutral. The major support is around \$2.58.

The trend of March soybeans remains sideways. The boundaries of the sideways pattern are \$5.11 and \$4.88. There is resistance around \$5.02 and support around \$4.69.

The flow and trend of June Treasury Bills remains down. The resistance is around 95.40. Treasury Bill futures are traded with numbers that are the reciprocal of interest rates. As T-Bill futures move lower, interest rates are becoming higher. In case you haven't noticed, T-Bill rates have been slowly rising since October from a low of 4.90% to a present yield around 5.80%.

## Valley Simbrah, Bos Indicus Assn. Merger Plans Outlined

On Oct. 4, 1986, the Board of The Rio Grande Valley Livestock Show and Trade Exposition voted to merge with the South Texas Bos Indicus and F-1 Association. The newly formed Association is called the Rio Grande Valley Simbrah and Bos Indicus Association. The merger will better serve the members of the Association, most of whom belonged to both groups, and the youth of the community to which we are dedicated.

There will be a fifteen member Board of Directors who will serve the Association. They are Carlos X. Guerra, Billie Mack Simpson, Charmalee Wentz, Mike Simpson, Mike Ralica, James Rene Vela, Mike Ciroult, Dr. Lauro Rosell, Robert Kotzur, Bolde Carolo, Ed Martinez, Sonny Martinez, Johnny Good, Lucas Hinojosa, and Billy Wayne Simpson. The new officers were also elected at this time they are: Carlos X. Guerra, President; Billie Mack Simpson, Vice-President; Charmalee Wentz, Secretary; Rana Vela, Treasurer.

The new Association already has quite a lot of things planned. At Platte Hidalgo this year, the Association will award \$800.00 worth of premium money for showmanship. \$200.00 will be awarded to the winner of the steer division, heifer division, and bull division.

The Rio Grande Valley Livestock Show is scheduled for March 16-22, 1987. The Rio Grande Valley Simbrah and Bos Indicus Association will be sponsoring the second annual All-Percentage Junior and Open Simbrah Show. The Junior Show will consist of both heifer and bull classes of all recognized percentages by the ASA. There will be ribbons and money awarded for the first four places of each class. First place will be awarded \$60.00, second \$50.00, third \$40.00, and fourth \$30.00. There will also be trophies for the Champion and Reserve Champion of each group. Trophies will be awarded for all Champions in the Open Show. Last year was the first year that Simbrah were shown at the Valley Show and it was the second largest breed represented.

The Rio Grande Valley Simbrah and Bos Indicus Association is also planning to hold a production sale Friday evening, March 20, 1987. This sale will offer both Simbrah and Bos Indicus cattle. Many of the Junior show prospects will be offered. There will be 150 lots of both heifer and pan cattle. A select group of show steer prospects that will be eligible for the Spring of 1986 Show will also be sold in this sale. Carlos X. Guerra is the Sale Chairman and he vows that the cattle offered will only be from the top herds.

The Association will award two \$1,000.00 scholarships this year to Juniors and Seniors who have shown either a Simbrah or a Bos Indicus at the Rio Grande Valley Livestock Show in 1987. The M. E. "Bud" Wentz award will be awarded again this year to the most outstanding boy or girl exhibiting as animal in the Junior Simbrah Class. The scholarship is to LaRue's School of Custom Fitting and is awarded by LaRue Douglas and the Rio Grande Valley Simbrah and Bos Indicus Association.

A steer sale has tentatively been scheduled for April or May. The sale will offer Fall of 1986 calves that will be good projects for the Spring of 1988. For more information on any or all of these projects, please call: Carlos X. Guerra at (512) 383-2602, Billie Mack Simpson at (512) 748-2089, or Billie Charmalee Wentz at (512) 660-4444.

## Charolais Champs Shown At Denver

## National Gelbvieh Gold Explosion Sale Aves. \$3,506

Denver — The Gelbvieh breed's 1986 Reserve National Champion Bull, bred the auction block at \$17,500, while the 1088 National Champion Bull brought \$12,000 at the 1987 National Gold Explosion Gelbvieh Sale held during the National Western Stock Show in Denver recently. The National Show had been held at the American Royal last fall.

The 41 Gelbvieh offered for sale in Denver averaged \$3,506, with 12 bulls averaging \$5,508 and 29 females selling for an average of \$2,878.

MVF Brady 80T, the Reserve National Champion, was consigned by Mountain View Farm of Swan River, Minn. The bull had been intermediate champion at the Denver show.

The May 1986 purebred Balcroft son was purchased for \$17,500 by the Brody Ranch, including Pro Hart Scudato, Pueblo & Flagstaff, Ariz., J&J Gelbvieh and Rea Gelbvieh, both of Greeley; Roitach Cattle Co., LaSalle; and Broken Fork Gelbvieh, LaJara, all of Colorado; and J&I Gelbvieh, Rapid City, S.D.

The National Champion Bull, EDR Early Dawn Hi-Five S90 ET, brought \$12,000 on a bid from Tinsahara Breeding Service, Elk Grove, Calif., for 1/3 interest and full possession. The September 1984 purebred Cowboy son repeated his win as champion at the Stock Show. He was an entry of Early Dawn Gelbvieh, Gakdale, Calif.

The top-selling lot in the female division was another Early Dawn consignment on EDR Early Dawn Miley T74. The group dropped at \$9,100 on a bid placed by Leachman Cattle Co., Billings, Mont. Miley T74, a September 1985 calf, had been senior calf champion at the show the day before.

Another Mountain View female entry, DGA MVF Lady 101T by Balcroft, was purchased by Jon & Bud Beasom, Pierre, S.D., for \$8,500.

Back in the bull division, Berger Gelbvieh, Richardson, N.D., and Prairie Hills Gelbvieh, Gladstone, N.D., teamed up to select DBC Grizzly

Bear T18 at \$6,800. Consigned by Diamond Bar Ranch and YH Ranch of Cody, Wyo., the purebred Poller Bear son had been reserve junior yearling champion.

The reserve senior bull calf, GEN Black Impression, sold for \$5,000 to Powles Gelbvieh Ranch, Bingham, Neb. The black purebred CBA son was on entry of Marvin Gentrup, West Point, Neb.

## Gelbvieh Show At National Western Highly Competitive

Gelbvieh breeders from across the nation turned out in force to vie for positions in the winners' circle during the Gelbvieh Show at the National Western Stock Show in Denver on Jan. 22.

Judge Ric Hoyt, Burns, Ore., inspected 170 head throughout the day and commented on the depth of quality in nearly every class.

EDR Early Dawn Hi-Five S90 ET was named champion bull to repeat his win as champion bull of the National Gelbvieh Show at the American Royal last fall in Kansas City.

Hi-Five was exhibited by Early Dawn Gelbvieh, Gakdale, Calif., and is co-owned by Buckhorn Ranch, Willits, Calif.

Judge Hoyt followed with JRI Equalizer 126T8 as reserve. A strong contender in many shows this season, Equalizer represents the genetics of Gilbert Paddy and out of the MAC Missa Valhalla 126N cow. He is owned by Judd Ranch, Inc. of Pomona, Kan., and had been senior calf champion. The Judd firm was also named premier breeder of the show.

In the strong female division, the championship title went to Princess Gal ET, shown by Groff Gelbvieh, Ogallala, Neb., and Sauer Farms, Johnstown, Colo. Judd Ranch collected another title with the reserve female on JRI Paperrmint Paddy 126U1. She had also been national champion female at the Royal last fall.

Division champions in the bull show included Balbrook 3U as junior champion, shown by Mountain View Farm, Swan River, Minn., and Brook Family Gelbvieh, St. Rosa, Minn.

Black Impression, shown by Marvin Gentrup, West Point, Neb., stood next to the reserve grand champion bull as reserve senior bull calf champion.

The intermediate bull award went to MVF Brady 80T, exhibited by Mountain View Farm, while the reserve was PCCI Paddy 179T, shown by Peacock Cattle Co., Lake City, S.D.

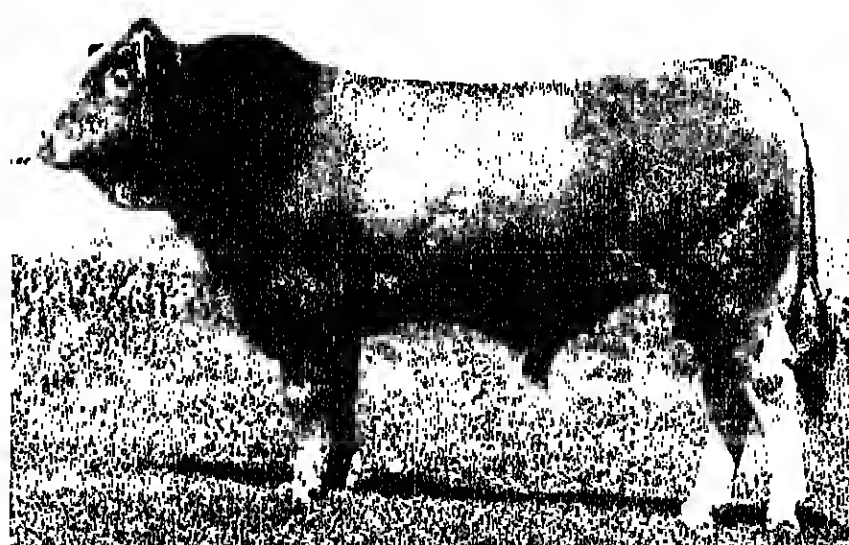

The champion junior yearling bull was MAC Valhalla Polkman ET, entered by Cunningham Cattle Co., Brookwater, Neb., and Valhalla Ranch, Bannett, Colo. The reserve was shown by Diamond Bar Ranch and YH Ranch Co., both of Cody, Wyo., on DBC Grizzly Bear T18.

DDH Mr. D&D Playboy was reserve

## Pokin' Fun

As we pulled away from the remote parking lot in a pre-dawn airport departure on the van, the driver spotted a car with its lights still on. Out loud, she muttered, "I wonder if those are the kind of lights that go off automatically?"

Some wag from the back answered, "Yes, they go off automatically ... eventually."

"It won't take a minute," she said. "I'll check and see if I can turn them off. I thought it must have been locked because she returned quickly but the lights kept burning. As we passed behind the same vehicle on the way out, I saw why she had stopped short. It had a bumper sticker that read, 'If you value your life like I value this car, don't mess with it.'"

Striding up a conversation with the driver, I asked if she had to put up with a lot of strange happenings in her business. "You wouldn't believe it," she told me. "I've seen it all."

The most maddening thing is the people who can't remember where they put it. We give them a number of the exact spot but they lose it. Then they say, 'Just drive around and I'll spot it.' We have over a thousand cars on this lot. I try to help by asking what kind of car. One lady said, 'It's a four door.' Another said, 'I don't remember what kind but I do know the license plate has a 2 in it.'

A guy convinced us that his car was stolen from the lot, called the police, filed all the forms then called us. We let him come in and showed up at his house. Turns out he had driven his wife's car to the airport. He came back the next day to get his wife's car but had lost her keys and his original parking ticket. We guessed at the parking fee, let him use the phone to call a tow truck and said good riddance. His wife called about a half hour later to say that she had her keys and was sending him back. He had loved the tow truck came back with the car, the space that it was parked in was occupied so we put it on the opposite side of the lot and kept an eye on it so we could explain to the owner what happened. We did but he wouldn't believe us, said he didn't know what kind of game we were playing but he never made mistakes and his car was exactly where he left it. Then he confidently put the car in reverse and backed over his luggage.

Taking all this in good humor, I asked for her philosophy of life. "Laugh every chance you get," she said. "If I were a rich person, I'd have myself a nervous breakdown." — Copyright 1987 Doc Blakely Pokin' Fun Newspaper Syndicate, Doc Blakely, 2404 Fairway Dr., Wharton, TX 77488-4095/532-4502.

## Panhandle, W. Okla., N. Mexico Feeders

Amesbury, Feb. 8 (F-S) — Texas Panhandle, Western Oklahoma and New Mexico weekly feeder cattle summary. Feeder steers 1.00-2.00 higher, calves full steady. Trading active throughout most of the week with bulk of sales completed before mid-week. This is the 5th consecutive week of very liberal volume in the area and the movement has averaged 62,000 head during that time. Demand good. Most cattle coming from Texas and Oklahoma panhandles and neighboring states; some cattle coming into area from south and central Texas and New Mexico from Nebraska.

Feeder steers 43,200; medium and large frame no. 1; FOB price: 700-775 lbs. \$7.00-72.00. Delivered price: 69-700 lbs. \$9.00-72.50; 700-800 lbs.

## Cattle Inventory Bullish, Some Surprises Noted

Kansas City, Feb. 4 (KRF) — Today's USDA cattle inventory report was considered bullish for the cattle industry, and cash cattle prices are expected to remain firm, despite the fact actual figures in some categories were above trade estimates, analysts told Knight-Ridder Financial News.

The report still indicates a decline in the total number of cattle and calves from a year-ago level, the analysts said, which will offset any initial negative psychology.

All cattle and calves as of Jan. 1 were reported at 102.0 million head, or 97% of a year ago, according to USDA. The pre-release average estimate was 06.1% in a range of 94.0

to 96.9%. The 1986 calf crop was reported to be 100% of a year ago, at 41.2 million head. Pre-release average estimates pegged the crop at 39.8 million head, or 96.9% of a year ago.

Cash prices for choice steers are expected to remain at \$64.50 to \$65.00 per cwt, basis the plains; states through the remainder of the week, the sources said. USDA reported \$65.00 paid on steers in the Texas panhandle/Western Oklahoma region Feb. 4.

Most cattle feeders in the Midwest and plains states remain current in their marketing, which will continue to support cash prices near-term, said Joe Kropf, analyst with the LBAS consulting group. Good boxed beef movement this week has also been supportive, and, combined with current marketings, will override any initial

The government could save itself some money later, if it continues to help U.S. workers save for retirement today.

## Three Ways For PROFIT

It's a tough decision trying to decide which of over 30 breeds you should get involved with today. However, if you're like most cattlemen, you want to purchase a breed that will return to you the greatest amount of profit as quickly as possible.

That's exactly why you should select Brahman. What breed offers you three ways for profit by simply changing milks? Not only does the Brahman provide three avenues for profit, but maximum profit. Let's look at these:

- 1) Producing Registered Brahman — The Brahman breed is one of the U.S.'s oldest. It is the foundation of the country and enjoys the best foreign market of any breed. There are no legal restrictions with Brahman sales, just honest prices for honest breed cattle.
- 2) Producing Registered Brahman — The Brahman breed is one of the U.S.'s oldest. It is the foundation of the country and enjoys the best foreign market of any breed. There are no legal restrictions with Brahman sales, just honest prices for honest breed cattle.
- 3) Producing Composite Breeds — The Brahman breed is indeed cross-breeding. Composite breeds have been created using the Brahman. Just about every composite breed created since 1900 and the Brahman generally, the Brahman has been selected to make these composites. Most composite breeds are just a better version of the Brahman.

If you want PROFITABILITY and VERSATILITY in the breed you choose — GO BRAHMAN

### Brangus Convention To Praise Past, Challenge Future

"Praising the Past and Challenging the Future" is the theme that will highlight the 1987 Annual International Brangus Breeders Association (IBBA) Annual Convention and International Brangus Show on February 22-26, 1987 in Houston, TX. Convention activities are at the hotel headquarters, Marriott Hotel at the Astrodome, and the prestigious International Brangus Show is on Thursday, February 26 during the Houston Livestock Show and Rodeo in the Astrodome.

As the Brangus breed moves forward and explores new directions, the IBBA will reflect the breed's beginning and recognize the founders. The IBBA will honor the 34 men who met in July of 1948 to form the Brangus Association.

This year's convention will also offer a challenge to attendees as a group of knowledgeable panelists will discuss the breed's future and that of the beef cattle industry. Ralph Hood, breeder and motivational speaker, will inspire and encourage us to live a more productive life. The IBBA membership will hold their annual meeting and elect new leaders. The IBBA's standing committees will each address the most important facets of the Brangus breed and give direction and insight to Brangus breeders.

Registration will begin on Monday evening, February 23 from 5:00 p.m.-8:00 p.m. and continue through the 26th. At 2:00 p.m. on Monday, Harris Farms, Columbus, TX will host a Brangus Production Sale at their ranch in Columbus.

IBBA committee meetings will get underway on Tuesday, February 24 at 8:00 a.m. and continue through Wednesday morning. Tuesday evening, Owl Creek Ranch and Plum Creek Ranch will unite to host a sale at 6:00 p.m. in the Marriott Hotel.

At 11:00 a.m., Wednesday the 25th, the IBBA membership will hold their annual meeting and election of officers. Beginning at 1:00 p.m., an industry panel will be staged with IBBA Executive Vice-President Jerry Morris serving as moderator. Panel members include Dr. Duell Allen, Manhattan, KS; Shirley Meyer, Wotford City, ND; Jerry Peterson, Potwin, KS; and Mick Colvin, West Salem, OH. Following the panel, Larry Benayak, Associate Professor, University of Georgia, Athens will present a talk on utilizing the sire summary. Featured speaker, Ralph Hood, will be the final speaker on Wednesday afternoon.

Highlighting the convention activities will be the "Praising the Past" cocktail reception in which the founders of the breed will be recognized and the 1988 Brangus Breeder of the Year will be announced. The reception will be followed by the Miss International Brangus Solo sponsored by the Bluebonnet Brangus Breeders Association.

The best Brangus cattle in the country will be paraded before Judge Dr. Bob Kropp, Stillwater, OK at the International Brangus Show. The most prestigious show of its kind for Brangus will be held on Thursday morning at 8:30 a.m. at the Astrodome.

Concluding the annual convention will be an open board meeting on Thursday afternoon the 26th at 3:00 p.m. All activities will be held at the Marriott at the Astrodome unless indicated otherwise.

For additional details or a registration form, please contact Joy Weinheimer at the International Brangus Breeders Association, P.O. Box 88620, San Antonio, TX 78289-8620, 512/896-8231.

### Hood Key Speaker At Brangus Convention

Ralph Hood, Huntsville, AL has been selected as the motivational speaker for the International Brangus Breeders Association (IBBA) annual convention on February 24-26, 1987 in Houston, TX. Hood will address the members on Wednesday afternoon, February 25, 1987.

### Harris Farms Sots New Era III Brangus Sale For Feb. 23

Columbus, Texas — The Harris Farms "New Era III" Brangus Sale will be held Monday, February 23, 1987. The sale will be held at the ranch at Columbus, Texas.

Selling will be 40 Brangus females sired by some of the premier bulls in the Brangus breed including "Tiny." Sale consultant is Jess Bryce 512/742-3311. Sale manager is Pierce.

As a professional public speaker, Hood has presented humorous and inspiring platform performances from coast to coast and border to border from San Francisco to Bridgeport, and from Minnesota to New Mexico.

For more information, please contact the International Brangus Breeders Association, P.O. Box 88620, San Antonio, TX 78289-8620, 512/896-8231.

### Ft. Worth Junior Brangus Show Draws Huge Crowd

Exhibitors in the Junior Brangus Show were the center of attention for a standing room only crowd at the Southwestern Exposition and Fair Stock Show in Fort Worth, TX on January 31.

Eighty-seven head of top junior Brangus heifers from the state of Texas were paraded before Judge Randall Grooms, Overton, TX for his evaluation. Claiming grand championship honors was Teri Beschamp, Brenham, TX with her heifer, WSR Trojan's Gal 777. Reserve grand champion trophies were collected by R. K. Hill, Troy, TX. ### Strongy Brangus Show At Denver

The Brangus bulls on exhibit at the 1987 National Western Stock Show in Denver, CO were nothing short of impressive. Even the mass of snow that descended on the city during the event couldn't begin to dampen the spirit, excitement and interest in Brangus cattle.

Never before had a better set of Brangus bulls been paraded before the judges in the pen show in "the yards" at the stock show. This year's judges, Mike Lettunich, Phyllis, ID and Gene Raymond, Garnett, KS had their work cut out for them as they selected this year's champions.

Windy Acres Brangus, Harrison, NE and Brenham, TX stepped their way past all others to win grand champion pen of bulls recognition. Their entries, all sired by Extra or Brinka, were culled in February and March of 1986.

Topping the Brangus Pen Bull Show and collecting grand champion honors at the National Western Stock Show in Denver, CO was Windy Acres Brangus, Harrison, NE and Brenham, TX. This marks the second consecutive year for Windy Acres to take home the champion honor.

Reserve grand champion honors went to Granada Brangus, Wheelock, TX with their October 1986 set of bulls, all sired by Lovann Wildcard.

Topping the remaining class titles were: junior calves, Flying M Cattle

Granada Brangus, Wheelock, TX received the nod for reserve grand champion honors at the Brangus Pen Bull Show at the National Western Stock Show in Denver, CO.

Co., Sonatolia, Mo; and senior yearlings, Aristocrat Brangus, Plattville, CO.

Performance information was provided to the judges on all the entries. It included: average pen weight, days of age and weight per day of age.

The Annual Hammond Award was presented to Brinka Brangus recogni-

ing Vern Suhm of their Sisterdale, TX ranch and Dave Peterson at their Eureka, KS ranch.

The next major Brangus event is the International Brangus Show and Annual Convention, February 23-26, 1987 in conjunction with the Houston Livestock Show and Rodeo, Houston, TX. For more information, contact Castle Pelton, Director of Programs, IBBA, P.O. Box 698020, San Antonio, TX 78269-8020, 512/696-5231.

### International Brangus Show Judges Named

The International Brangus Breeders Association (IBBA) has announced the official judges for their upcoming 1987 International Brangus Show in Houston, TX in conjunction with the Houston Livestock Show and Rodeo. Putting the placings on the breed's most prestigious show will be Dr. Bob Kropp, Stillwater, OK and Gene Raymond, Garnett, KS.

Kropp, a long time showing evaluator, is an associate professor in the department of Animal Science at Oklahoma State University in Stillwater where he has been since 1970. He is in charge of the university Pured Beef Center and is the coordinator of the department's Career Development Program.

Serving as Kropp's associate is a Kansas native with vast experience in the cattle industry. Raymond currently serves as president of the North American Limousin Foundation, is a director of the National Livestock and Meat Board; the Kansas Beef Council; Kansas Farm Management; an instructor for the Graham School for Cattleman; serves on the State Extension Advisory Board; and was selected Outstanding Young Farmer of Kansas by the Jaycoas.

The show will be held on Thursday, February 26, 1987 at 8:30 a.m. in the Astrodome. The IBBA annual convention will also be held in conjunction with the Houston show on February 24-27. For more information, contact International Brangus Breeders Association, P.O. Box 698020, San Antonio, TX 78269-8020, 512-696-5231.

### Industry Experts Speak At Annual Brangus Convention

A team of experts will form a panel addressing key industry issues at the International Brangus Breeders Association (IBBA) Annual Convention on February 24-26, 1987 in Houston, TX. The panel discussion, moderated by IBBA Executive Vice President Jerry Morrow, will be Wednesday, February 25th at 1:00 p.m. in the convention headquarters, Marriott Hotel at the Astrodome. Panelists include Dr. Dall Allen, Kansas State University (KSU), Manhattan; Jerry Peterson, Circle E Feedlot, Potwin, KS; Louis "Mick" Colvin, Executive Director Certified Angus Beef (CAB); and Shirley Meyer, Female in Training (FIT) Chairman, Watford City, ND.

Allen, a Kansas native, has been a meat and animal science professor at KSU since 1968. He earned his B.S. degree from KSU, his M.S. degree from the University of Idaho, and his doctorate of animal husbandry from Michigan State University.

Also telling from Kenosha is specialist Peterson. He currently serves as general manager for Circle E Feedlot, Inc. Previously, Peterson was self-employed in ranching and farming. In 1961, he became office manager of Circle E Ranch and in 1964, and went to work for Excel Corporation as Circle E Division vice-president. He earned his B.S. degree in business from Wichita State University, Wichita, KS.

Colvin is credited with being one of the founders of the CAB, a program promoting Angus beef to retail outlets. Colvin is a native of Ohio and received his B.S. degree in animal science from Penn State University. He was formerly employed as an Angus field representative with the American Angus Association.

**Godwin Named Leaning H Ranch Sales Director**

San Angelo, Texas — Paul Godwin, longtime Brangus breeder and sales management firm partner, has assumed duties as manager of sales and marketing activities for Leaning H Ranch of Driftwood, announces owner George B. Hinkle, Jr.

"Paul's complete knowledge of the Brangus industry makes him an ideal selection for this new position, which entails total direction of the ranch's production sales and private treaty transactions," Hinkle said.

Ken Smith will continue in his role as operations manager, directing all aspects of the ranch's operations, including the ranch's Breeding Better Brangus Program, Hinkle continued.

"Working with the Hinkles and the staff of Leaning H Ranch is an outstanding opportunity," Godwin said. "Although only relatively new to production of registered Brangus cattle, Leaning H Ranch has developed one of the breed's premier herds through its innovative Breeding Better Brangus Program."

Godwin, who will continue to reside in nearby Lago Vista, Tex., may be reached at the ranch, (512) 858-1666 or at his home, (512) 267-3313.

### Leaning H, IBBA Host ARC Group

Agricultural Relations Council (ARC) members headed to Leaning H Ranch, Driftwood, TX to kick off their annual winter meetings on January 24, 1987. As co-hosts of the evening, Leaning H Ranch provided the group with Texas style fajitas, entertainment and a ranch tour. Joining forces with Leaning H Ranch as the evening's sponsors was the International Brangus Breeders Association (IBBA).

George and Frances Hinkle, Leaning H Ranch owners, were on hand to welcome the council to the ranch. Leaning H Ranch Marketing and Sales Manager, Paul Godwin, guided a detailed ranch tour.

Following the tour, the council enjoyed a taste of Texas with a fajita buffet compliments of Leaning H Ranch. While relaxing in the open air barn, the Kyle Family Band provided a variety of musical entertainment. The band, consisting of three sisters and two brothers, sang music ranging from country and western to gospel.

### "Brangus Weekend" Set For February 13-15 In San Antonio

The Texas Brangus Breeders Association (TBBA) and the Wright Cattle Company have scheduled a weekend of committee meetings, annual discussions, sales and entertainment for February 13-15 in San Antonio, Texas.

The three parties have joined together to host a "Brangus Weekend" during the San Antonio Livestock Show which will be open to all interested breeders and cattlemen. The weekend will begin on Friday the 13th at 1:00 a.m. to 12:00 noon with TBBA committee meetings and then again from 1:00 p.m. to 2:00 p.m. with the remaining TBBA committee meetings. The general membership meeting is scheduled for 2:00 p.m. to 3:30 p.m. This meeting will be the most important of the week since nominations for the officers to the TBBA Board of Directors will be voted on at that time by the membership. All members are urged to attend and show support for the association. In the evening from 6:00 p.m. to 7:00 p.m., the TBBA will sponsor a panel seminar focusing on topics to benefit the commercial and registered Brangus breeder. Immediately following will be the TK Bar Ranch seminar.

which will proceed on a more technical aspect of the Brangus breed. Both seminars have a range of topics to be discussed and will be very educational to the public.

On Saturday the 14th, Valentines Day, the festivities continue with the San Antonio Livestock Junior and Open Shows which start at 8:00 a.m. Following the show activities that same day, the TK Bar Ranch will host their "Pure Production" Sale. The sale activities will include viewing of the cattle, dinner and entertainment.

On Sunday, February 15th, Wright Cattle Company will host a herd reduction sale which will contain many top name cow families and popular bloodlines. This sale will be held at the Livestock Performance Center in Castroville, Texas.

The whole "Brangus Weekend" activities will be headquartered at the La Mansion Del Norte hotel in San Antonio. Other hotel accommodations are available at your request.

For more information on the weekend activities, contact Doris Greer, Executive Director, TBBA, 506 E. University, Suite 603, College Station, TX 77840 or 409/846-5733.

### National Grain Market Review

Washington, Feb. 8 (USDA) — Soybean market declined sharply on the news market during the week ended February 6. Domestic and export demand for beans and meal gave some support but a weak vegetable oil market and good growing conditions for the new crop in South America weakened soybean markets. Wheat traded mixed with export markets mostly stronger giving support to hard red winter wheat to spring wheat and to Portland soft white wheat for export. A good flour mill demand added support. Lack of buying activity depressed soft red winter wheat at midwest interior market.

Wheat: Wheat traded mostly higher under support of expanded export trade and good flour mill buying to replace good grind level. Kansas City no. 1 hard red winter ordinary protein wheat rose 3 1/2 cents to 2.73 1/4, down 15 1/2 cents from 1986 and 87 1/2 cents per bushel below 1985. St. Louis no. 2 soft red winter wheat rose one to five cents lower at 3.10-3.15, fall 30-33 cents from 1986 and dropped 67-82 per bushel from 1986. Minneapolis no. 1 dark northern spring 14% protein wheat advanced 10 1/2 cents at 3.20 1/2, down 68 1/2 from last year and 78 cents per bushel below 1986. Portland no. 1 soft white wheat advanced 6 to 7 cents at 3.01-3.07, down 64 1/2 cents from last season and 76-80 cents below 1986.

Corn: Yellow corn traded mixed with advanced pressure from expanded generic certificate offerings and moderating weather which reduced animal feed requirements. Support came from steady industrial use and expanded export trade. Prices ranged 3 cents lower to 1/2 cent per bushel higher. Omaha no. 2 yellow corn traded unchanged at 1.43 but this is down 87-88 cents from 1986 and 1.10 1/2-1.20 per bushel below the 1986 price. White corn trade continues dull at a steady price level.

Oats and barley: Oats markets moved unchanged to up 5 cents in extremely tight trade. Barley traded 3 to 10 cents per bushel higher due to sharply expanded trade to Saudi Arabia.

### Granada's Leaner Beef Product On National Television

Granada's continuing work in biotechnology in the area of genetic engineering to produce a leaner beef product will be the focus of an upcoming PBS national television program, BODYWATCH, a 26-week series examining the latest research on health and fitness will feature Granada during a segment titled, "The Whole Truth Diet," scheduled to be aired April 8 on WGBH/Boston at 7:30 p.m.

The series is hosted by Dr. James "Red" Duke, the well-known trauma surgeon who is professor of surgery at the University of Texas/Houston and medical director of the Hermann Hospital's Life Flight Operation, a helicopter assistance program for trauma patients. ## Cattle Inventory

**Wish, Some Surprises Noted**  
(CONT. FROM 1C)  
Inventory from the cattle inventory report, he said.

However, cash cattle prices may be dropped, Kropf said. Over the next four weeks, cash cattle prices should stabilize within a range of \$63.50 to \$65.00, he said.

Feeder cattle prices should see some support from the report, said Mike Sands, Western Livestock Marketing Information Project leader. USDA reported steers weighing 500 pounds and over at 15.2 million head on Jan. 1, 98% of a year ago.

The lighter numbers could push prices near \$75.00 by mid-March on feeder steers weighing 600-750 pounds, Sands said. USDA reported feeder steers weighing 600-800 pounds at \$55.00 to \$70.20 at the Oklahoma City feeder cattle auction.

The category of "other heifers" in the report should be bullish in cash prices as well as the number of steers 500 pounds and over, said FJAS' Kropf. Both indicate fewer cattle available to go on feed, in the long-term, he said.

USDA put "other heifers" at 7.5 million head, or 99% of a year ago. Beef heifers kept for replacement are reported at 100% of a year ago. This shows most cattlemen are at least retaining as many heifers as a year ago and may be rebuilding herds, the analysis said.

Some analysts did not anticipate the number of calves of cows in the report at 101% of a year ago, said Kropf, leader of the Western Livestock Marketing Information Project. Many felt an increase in the beef slaughter easily in 1986 and brought in the southeast, and Pacific Northwest kept beef cow numbers low, he said.

However, producers' optimism did not take into account excellent forage conditions in 1986 in most of the U.S., Sands said. Forage conditions and good calving weather may have led to the increase in numbers, he said.

## Farm Credit Holders Question New Accounting Practices

BY KATARINA TOLL  
Washington, (KRF) - Holders of stock in farm credit system banks are expected to tell the Farm Credit Administration this month they are far from convinced new accounting practices will protect their stocks.

The use of so-called "regulatory accounting practices" aimed at helping banks out of their financial problems. Although the FCA has said new practices, called RAP, stock improvement is expected to be the main hope at hearings FCA will hold in Kan-

## Y.O. Ranch Sets Date For Team Roping & Roping Steer Sale

Mountain View, TX - The Y.O. Ranch will be having a Team Roping & Roping Steer Sale on Saturday, March 28th and Sunday, March 29th, 1987 at the ranch in Mountain View, Texas. The two day event will be open to all "C" ropers. There will be food, drinks and lodging available at the ranch. Fresh Longhorn steers will be featured in the roping and will be sold on Sunday. Four Longhorn steers will be awarded to the average winners.

For more information contact Walter Schreiner or Jim Murff at the Y.O. Ranch (512) 640-3222.

asa City on Feb. 28 at FCA headquarters in McLean, VA.

Bill Hendrix, an FCA spokesman, said the fears were primarily a result of confusion over the new practices. Congress called for RAP in 1986 farm credit legislation; the new form of accounting will allow lending institutions to amortize certain expenses

over 20 years rather than report them annually.

Congress and FCA have said the main purpose of RAP is to give system banks time to sort out their financial problems. The system, which is composed of 37 lending institutions grouped into 12 districts, reported \$2.7 billion in losses for 1986 and \$1.53 billion for the first three quarters of 1986.

Alon Tank, assistant vice president of the National Corn Growers Association, said the question for stockholders, who also are the borrowers from the system, was the stability of the system and the cost of credit under RAP. He said these worries remained strong because the system was expected to need financial assistance soon.

The revelations had little impact on the interests of borrowers, said Mary Kay Thatcher, an American Farm Bureau Federation official. She said the bureau would support RAP as long as FCA maintained the disclosure requirements. However, she noted those requirements put the banks in a dilemma: If they do not adopt RAP, their stocks might be impaired, but if they do they must acknowledge their finan-

cial difficulties to stockholders, which might cause a capital flight.

## Extension Service Lab Does Soil, Water, Forage Tests

College Station - Helping farmers and ranchers increase the efficiency of their operations is a major goal of the Soil, Water and Forage Testing Laboratory operated by the Texas Agricultural Extension Service at Texas A&M University. The Extension Service also operates a Soil Testing Lab at Lubbock.

Dr. Dale Pennington directs the Extension Soil and Water Testing Lab at College Station while Don Dorsett oversees forage testing. Dr. Michael Hickey operates the Extension Soil Testing Lab at the Texas A&M University Agricultural Research and Extension Center at Lubbock.

Basic soil fertility tests, including pH (acidity level), nitrate nitrogen, potassium, sodium, carbonate, bicarbonate, sulfate, chloride and pH (acidity level). The water analysis for livestock use includes total salt.

Specific information for submitting water samples plus information sheets are available at any county Extension office.

Forage tests include protein, fiber (CONT. ON 12C)

and manganese.

Information sheets on free and sampling instructions are available at any county Extension office. Soil analysis reports will include the levels of available nutrients and suggested fertilization rates for crops listed on the information sheet accompanying the sample.

Another test dealing with nutrients is the mineral analysis of plants. Plant tissue can be analyzed for as many as nine elements to determine if plants are adequate or deficient in each nutrient.

The lab also tests water for livestock and irrigation use. Irrigation water tests include electrical conductivity, total salt, calcium, magnesium, potassium, sodium, carbonate, bicarbonate, sulfate, chloride and pH (acidity level). The water analysis for livestock use includes total salt.

Specific information for submitting water samples plus information sheets are available at any county Extension office.

Forage tests include protein, fiber (CONT. ON 12C)

## Charolais Pen Bull Results At Denver

Denver - A large crowd braved blizzard-like conditions to watch the 1987 National Western Charolais Pen and Carload Show held Jan. 15 at the Denver Livestock Center. Entries came from five western states and were

viewed by the judges, potential buyers and spectators. Jerry Taylor of Alvarado, Texas, Howard Hillman of Canova, S.D., and Dr. David Ames of Colorado State University made the official placings and comments on the bull calves that were all born after Jan. 1, 1986.  
Showman's Charolais of Roggen, Colo., won their first Pen Show Championship with three grandsons of Impressive G860. A new exhibitor in the Charolais Pen Show, Schurr Brothers of Farnem, Neb., emerged with the

Reserve Champion Pen Show heifer. In the Carload shows, spectators had a chance to see true consistency and uniformity in breeding programs. A carload consists of 10 bulls from one ranch. Two breeders that have made this competition keen over the past few years were back in 1987 with carloads. Klingensmith's LK Ranch of Meeker, Colo., had the Grand Champion group. DeBruycker Charolais of Dutton, Mont., captured the Reserve Champion carload banner.

AVOID CHANGING WELL LEATHERS FOR MANY YEARS  
Perma-cups are molded urethane, more wear resistant than nylon. Perma-cups will outlast leathers 10 to 1. Their tapered design allows only 1/8" wearing, instead of 5/8" of a leather. Much less friction for easier pumping extends cylinder life greatly. Perma-cups must be used in a good or new cylinder, as they do not swell. Install Urethane Perma-cups, Urethane Check-balls, and Urethane Pump Rod-guides, and don't pull that well for many years. Thousands are in wells that have not been relubed in 9 years! All are available in standard cylinder and pipe sizes. Write or call for our catalog. We ship same day order is received. Serving Farm and Ranch Since 1950.

## ATTENTION: BULLS!!!

Did you make any money today?  
That's a question we ask of our operation every day because we are serious about the cattle business and like any other enterprise, we expect to make a profit.

Our plan is simple:  
1. We supply quality range bulls.  
2. They work for you.  
3. You come back for more.  
If you have been questioning the profit potential of your operation lately, consider a 4F Bushman Bull.
